Art Unit: 3652

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recitation “at least one second engagement element carry associated to them respective drives which are able to insert said at least one first engagement element and said at least one second engagement element in said flow of advancing products”, found in lines 5-9 of claim 12, is grammatically unclear.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-6 and 11-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Fukusaki et al.

Fukusaki et al. disclose a device and process for forming slugs of products P, the device including stacking structure 9 and first and second engagement elements 62, 63.

Art Unit: 3652

5. Claims 7-10 and 21-33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. The cited prior art shows slug forming devices.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Janice Krizek whose telephone number is (703) 308-2026. The examiner can normally be reached on Mondays through Fridays from 11:30 a.m. to 8:00 p.m.
